

On the Streets - Cityscape

'paintings full of light & atmosphere'

21st - 22nd June, 2025

(2 days) workshop at my Buderim studio - Sunshine Coast

What to expect..

This workshop lets you explore and indulge your artistic passions as we create some fabulous Cityscape paintings. Paintings you will be proud take home and hang in your own home. Learn as you paint with 2 full days to practice what you are learning. Included are many essential, specialist skills and techniques required to create a great Cityscape painting. Skills and techniques you can use again with your future paintings. This workshop will introduce you to and lead you through Don's easy to learn, carefully considered painting methods with lots of one-on-one time with Don.

You will learn:-

- New ways to paint better cityscapes
- Rendering textures and surfaces
- What makes a great painting and how to achieve it.?
- Perspective made easy
- How to prepare and get started.?
- How to interpret photo reference. What to use and what to leave out and why.?
- Essential cityscape painting techniques explained and then applied
- Apply your new creative process for wonderful, visually exciting cityscapes

The Process:- I explain, then we get started with some fun painting. I also demonstrate to introduce you to the new concepts and techniques then you continue to create your very own paintings fantastic cityscape.

Next - 'Painting Fantastic' 2 whole days of painting your own fantastic paintings. I spend lots of one-on-one time to make sure you understand the process, execution and development of all the painting concepts and techniques with live, in-class demos to show you how I do it. I am with you every step of the way to help and assist whenever needed to give you a huge heads up with every aspect of your painting process including how to use and get the most from colour, shapes and form (Perspective made easy), paint mediums, brush and palette knife techniques. Each day filled with heaps of great tips and tricks you just don't get from books. *(All student levels welcome)*
