Big Waves - Let them roll

24th-28th June, 2024 (5 days) workshop - Sunshine Coast

Welcome and thank you for your interest in my 'Big Waves - Let them roll' painting workshop on 24th - 28th June (5 Days) held at my home/studio in Buderim.

Love to have you come along as I know you will really enjoy this fabulous creative painting experience. Lots of fantastic creative stuff here mixed with heaps of good time spent painting as you learn in the company of like-minded artists and just darn good painting fun time. This workshop will offer you fabulous opportunities to grow and develop valuable dynamic seascape painting skills and techniques. It's also packed with heaps of essential information and generous amounts of painting tips and tricks to build your self-confidence allowing you to Supercharge your art and create fantastic paintings sooner.

Your creative artistic journey begins with exploring creative seascape painting concepts expressed and applied through painting which helps you understand and create better paintings sooner. Build skills and confidence, how and when to include paint mediums for better results, simplify colour choices, textural effects and so much more all combine for fabulous and exciting results in your paintings to take home.

Focus on composition, movement, waves, clouds, proportions, image cropping for best use of photo reference (what to use, what to leave out and why.?) Discover the power of better colour choices and using textural marks for effect and so much more... Easy to learn techniques that build your painting skills quickly and you can confidently take away and use again later at home.

*** All student levels welcome**

Please feel free to forward this information to anyone who you think may also be interested in coming along

crashing waves, stormy skies, wild oceans

Big Waves - Let them roll

Day 1..

Let's start by painting some big waves under a stormy sky to better understand the process, shapes, movement, colours, softened edges. This practice painting gives you the skills for your next workshop painting.

Day 2..

Once we have the fundamentals sorted, then you jump straight into your very own 'painting fantastic' where you will apply what you are learning to a new painting

Days 3, 4, 5..

Now you have a much better idea of the process and how to apply to your own art, you begin your second 'painting fantastic' and you have 3 whole days to complete it applying and consolidating what you have learnt already

You will learn:-

- Painting process fundamentals explained
- Understanding & how to apply good composition
- What makes a great painting even better & how to achieve?
- How to prepare and get started.?
- Essential techniques explained & applied
- How to interpret photo reference - what to use, what to leave out & why.?
- Supercharge your creative process for more visually exciting paintings

The Process:- I explain and demonstrate how I do so you can get started with some practice painting to consolidate and better understand the new concepts and techniques before moving forward and creating your very own fantastic big waves paintings

Next - 'Supercharge your painting' 5 whole days to create your own fantastic paintings. I spend lots of one-on-one time with each student to make sure good understanding of process, execution and development of all the painting concepts and techniques with live, in-class demos to show you how I do it and I am with you every step of the way to help and assist whenever needed to give you a huge heads up with every aspect of your painting process including how to use and get the most from colour, paint mediums, good brush and palette knife techniques. Every day filled with heaps of great tips and tricks not found in books.

I would love to see you there and share some creative seascape painting time with you so please let me know ASAP to secure your place or get more information.

*** All student levels welcome**
