Energise your paintings with

# Glowing Light

12th-16th January, 2026 (5 days) workshop - Sunshine Coast

**W**elcome and thank you for your interest in my 'Glowing Light' painting workshop (Energise your paintings) on 12th - 16th January (5 Days) held at my home/studio in Buderim.

Love to have you come along as I know you will really enjoy this fabulous creative painting experience. Lots of fantastic creative stuff here mixed with heaps of valuable time spent painting as you create in the company of like-minded artists. Just darn good painting fun time. This workshop will offer you fabulous opportunities to grow and develop valuable painting skills and techniques under Don's watchful eye. It's also packed with heaps of essential information and generous amounts of painting tips and tricks to build your self-confidence allowing you to supercharge your art and create fantastic paintings sooner.

**Y**our artistic journey begins with exploring creative painting concepts expressed and applied through painting which helps you understand how to create better paintings sooner. Build confidence, learn how and when to include paint mediums for better results, simplify colour choices, textural effects and so much more all combine for fabulous and exciting results in your paintings to take home.

**F**ocus on composition, proportions, image cropping for best use of photo reference (what to use, what to leave out and why.?) Discover the power of brighter colour choices, using textural marks for effect and so much more... Use Don's easy to learn techniques that build your painting skills quickly and you can confidently take away and use again later at home.

**\* All student levels welcome**

Please feel free to forward this information to anyone who you think may also be interested in coming along

Energise your paintings with

# Glowing Light

## Day 1..

Let's get started by looking at how to really energise your art with glowing light. Paint and learn the processes along with best colour choices and strategies.

## Day 2..

Once you have the glowing light fundamentals sorted, then you jump right into your very own 'glowing light fantastic painting' where you will apply what you are learning into your very own painting

## Days 3, 4, 5..

Let's create some glowing light to your paintings using Don's process and tools you have learnt. Begin your second 'fantastic glowing light painting' and you have 3 whole days to complete it. Consolidating what you have learnt

## You will learn:-

- Painting process fundamentals explained
- Understanding & apply good composition
- What makes a great painting & how to achieve?
- How to prepare and get started.?
- Essential techniques explained & applied
- How to interpret photo reference - what to use, what to leave out & why.?
- Apply your new creative process for visually exciting paintings

**The Process:-** I explain and demonstrate, then we get started with some painting of your own to consolidate and understand the new concepts and techniques before moving forward and creating your major workshop paintings

**Next - 'Supercharge your painting'** 5 whole days to painting your own fantastic paintings. I spend lots of one-on-one time with each student to make sure good understanding of process, execution and development of all the painting concepts and techniques with live, in-class demos to show you how I do it and I am with you every step of the way to help and assist whenever needed to give you a huge heads up with every aspect of your painting process including how to use and get the most from colour, paint mediums, good brush and palette knife techniques. Every day filled with heaps of great tips and tricks not found in books.

I would love to see you there and share some supercharged painting time with you so please let me know ASAP to secure your place or get more information.

**\* All student levels welcome**
